

INSTALLATION INSTRUCTIONS

READ FOLLOWING DIRECTIONS BEFORE USE:

1.) IBC 2000i must be placed on solid, level surface capable of handling 8,000 lbs.

2.) It is recommended to have dispensing bucket facing forward.

3.) Make sure grates are seated flat on center pedestal and pedestal seats firmly on all four towers.

4.) Load IBC container onto the IBC 2000i from the side.

5.) Maximum load is 8,000 lbs (3628 kg) Uniformly Distributed Load.

6.) Never move the IBC 2000i when loaded.
