

JOB HUT™

OUTDOOR STORAGE HAS NEVER BEEN SO PRACTICAL...OR SO AFFORDABLE!

If access, efficiency, and a large storage area are what you need then Job Hut™ is your answer.

An extra large surface area allows for storage of eight (8) 55-gallon drums right on their pallets! The low profile design allows for easy access, and is forkliftable from all sides for effortless handling. Job Hut's newly-enhanced doors and lock provide added strength and security.

Tough polyethylene construction won't rust or corrode, while UV inhibitors make Job Hut™ extra durable for outdoor use. A large 72-gallon sump capacity eliminates the risk of spills or leaks and structural foam grates remove for easy cleaning. Molded-in vents reduce fumes and condensation inside, and heavy-duty hinges combined with a lock keep contents secure. The Job Hut™ offers substantial savings when compared to similar metal or concrete storage buildings, while providing superior performance. The optional ramp facilitates loading your drums into the unit. Safe, secure, and cost-effective; one piece—no assembly!

- 100% polyethylene with UV inhibitors for increased durability
- Three removable structural foam grates for an 8,000 lb handling capacity
- Low profile design allows for easy access. Extra-wide 57" x 78" doorway allows for easy forklift entry
- 4-way forkliftable design for ease in handling
- Newly-enhanced! Heavy-duty, double-walled doors and lock for added security
- Built-in 72-gallon sump capacity

Door opening 57" W x 78" H

Newly updated lock & handles.

Grates remove for easy cleaning.

Tie-down feature for secure anchorage.
