

6 Cylinder Storage Rack SKU# 7202-YE

Secure storage of cylinders has never been easier with this non-corrosive, non-sparking stand. It is ideal for maximizing floor space while minimizing clutter. It is forkliftable and accurately sized to fit through standard doorways for ease of operation. It is free-standing, or can be bolted to the floor.

- Holds six cylinders from 3"-10" in diameter
- Non-sparking plastic design
- Upper security straps included, lower straps available for extra security
- Optional ramp available for easy loading
- 2-cylinder and 4-cylinder options available
