

**Poly-Collector 110 (with Steel Drum)**  
**SKU# 8081-YE**

The Poly-Collector System is a mobile waste collection unit that provides complete containment for a 55-gallon drum. The complete unit is outfitted with an outer plastic drum, an inner steel drum, a dolly for mobility, and a plastic drum funnel. This is the ultimate package for hazardous liquid collection and consolidation around your facility.

**Includes:**

- Outer 110-gallon Poly-Overpack Salvage Drum to protect against overflow
- Inner 55-gallon steel drum to serve as the collection container
- Drum dolly for easy transportation around your facility
- Universal Poly-Drum Funnel for simple and effective liquid capture
