

**ENSORB Super Absorbent – 1 Gallon  
SKU# ENP D503**

ENSORB is a highly efficient granular absorbent that is lightweight, environmentally friendly, and landfill safe. These properties result in lower shipping and disposal costs, and save you time when trying to clean up a spill. This 1-gallon jug is user-friendly, has a secure, threaded lid, and is easy to carry wherever a spill might occur.

Features:

- Landfill safe
- Low disposal costs
- Super absorbent for more efficient cleanup
- Absorbs almost any liquid, including water
